

**GARDEN GROVE UNIFIED SCHOOL DISTRICT
GOVERNING BOARD MEMBER**

TRUNG NGUYEN

OCCUPATION: Engineer/Attorney

I've been involved in many educational activities as a volunteer teacher, a higher-education institute's co-founder, a board member of several educational nonprofit organizations. I've also worked with local, state and federal governments on issues concerning human rights and political participation.

I have a BS in Electrical Engineering from UCLA, a Master's from CSULA, and a Juris Doctorate degree from WSU School of Law. Currently, I am employed in the national security defense industry.

My wife and I have two children who graduated from Orange County public schools.

I support a higher standard curriculum emphasizing on the fundamentals of reading, writing, and math. Our teachers should be provided with the necessary tools and resources to teach. I'll promote a stronger teacher-parent partnership because our children's future is too important to leave to chance.

If elected, my top priorities will be keeping our school district financially strong and sound, preparing all students for colleges, working with local businesses, and expanding the digital technology to build a better school district.

The future of our children is the future of our community. I need your vote to achieve that common goal.
